

## SERVICE CERTIFICATE

Date: Nov 1, 2025

To Whom It May Concern,

This is to certify that Mr. Goutam Ravi Dubashi has been associated with Nammura Tech Workforce Pvt. Ltd. (DailyGo) as a Decision Scientist from 01/06/2024 to Present. He also holds the position of Founder & Director of the company.

During his tenure, he has been responsible for supporting data-driven decision processes and contributing to the analytical and operational components of the DailyGo platform.

### Key Responsibilities

- Building and maintaining data models to support business and operational decision-making.
- Developing analytical, predictive, and matching systems for workforce and gig-related processes.
- Preparing and translating business requirements into structured analytical outputs.
- Collaborating with product and engineering teams to implement analytical logic and workflows.

### Key Projects

- Gig Auto-Assignment Engine
- Developed an automated allocation system using worker availability, rating, and proximity metrics.
- Workforce Heat Map & Area Analytics Created geospatial visualizations for workforce density, event demand, and operational coverage.
- Worker No-Show Prediction Model Built a predictive model to identify potential absenteeism based on historical and behavioral data.
- DailyGo Platform & Website Support (dailygoindia.com)
- Contributed to backend analytics and data workflows supporting platform functionality.

### Skills Utilized

Python, SQL, Pandas, Scikit-learn, Machine Learning, Data Analysis, Geospatial Tools (Kepler/Mapbox), Power BI, Statistical Modeling.

Mr. Goutam has shown professionalism, reliability, and consistency in delivering analytical outcomes for the organization. He continues to be employed with us as of the date of issue of this certificate.

Sincerely,

Sheetal Chougule
